

GLOBAL OFFSET AND COUNTERTRADE ASSOCIATION

MEMBERSHIP APPLICATION

The Global Offset and Countertrade Association (“Association”) has two types of memberships:

REGULAR MEMBERS are prime contractors engaged in manufacturing or providing services (other than offset services), as well as subcontractors who supply components or services (other than offset services). These prime contractors and subcontractors either have incurred or anticipate incurring an offset or countertrade obligation as a condition of sale, and such offset or countertrade obligation is imposed by a customer (or prime contractor) located in a country other than that where the contractor or subcontractor is based. Regular members include corporate groups of affiliated companies which meet the criteria for either prime contractors or subcontractors mentioned above. Dues for Regular Members are \$450 per year.

ASSOCIATE MEMBERS are individual people or business entities who do not meet the criteria for Regular Membership, but who are engaged, anticipate engaging, or may benefit in the business of offset or countertrade. Dues for Associate Members are \$450 per year.

NOTE: *New Members and their membership status are approved at the sole discretion of the Executive Committee. This process may take up to 45 days.*
